

What does it mean to be the church in the community?

Week 1 21 February The Gospel Message

Some reflections

How do Children pick up the faith?

How do you talk about the concept of God  
to those who do not have the language?

Tell people they are special, unique,  
worthwhile not alone

Its Ok just to plant a seed  
We don't always have to see them grow

Clerical clothes  
and rituals -Why?

How do we start to tell people  
Need Confidence

Lack of informed knowledge

Need to listen

How do we make people  
jealous of what we have?

The Church is the only institution  
That exists for those who are not members

Expecting people to go to church is not working

I have come to give you lif in all its fulness

Do we do discipleship like Jesus did?
