

What does it mean to be the church in the community?

Week 2 28th February Go Make disciples

Some reflections

There is a lack of biblical literacy

Need to understand cultural changes
as a starting point

Is a meal with grace missional - without pastoral?

Standing on neutral ground

Be non judgemental

Small practical things for neighbours/help
for those in need

Going out and sowing seeds of friendship

Look at ways how people can be reached
through events like Messy Church
and Jelly Tots

Find places to meet to share YOUR story

Accept people and their culture

At the moment our church is more biblical
- it needs to be more evangelistic

Ask God for "God
Appointments"

Why do we expect people
to come into church culture
and put off their own culture

Every encounter is mission

Pastoral work is care, support, friendship
Missionary work is sharing God's word and
Christin Faith
